ndation For Victory

is a series of seminars in January 1984, when the Lord first spoke to me very clearly on steps to victory. I went head-long into scriptures to ascertain the Bible basis for personal victory in every individual life situation. The word revealed in this book is a product of it. I have consistently preached these in results have been unmatchable. The testimonies of victories in every sphere those who have listened, and have dared enough to apply them. The word works more than magic. It is quite true that there are many problems, hardships and difficulties in life but, that is not the whole truth. There are problems but there are solutions. All life problems have solutions. There are as many victories as there are problems. You can experience constant victories consistently in all life situations by a simple application of the revealed word of God.

God has done everything possible for your victory. He does not intend you to be down today and up tomorrow and vice-versa. He wants you up always. The truth is that: you can be victorious always. If you know what God says about you, and you care enough to do it, your victory is certain. By this the world is in your control.
